HELP THE HOSPITAL

We wish to call the attention of housekeepers to our line of fine Flavoring Extracts, which are first class in every respect, and absolutely full strength.

We give 10 per cent. of the purchase price to any charitable organization and you will find a coupon attached to each bottle.

Our idea in taking this method to introduce these goods is to help the Marion County Hospital. However, these coupons are made payable to "any charitable organization" and it rests entirely with the purchaser as to where the coupon goes.

The price of the extracts is 15 cents per bottle of One FULL Ounce and this quantity will go as far as some of the 25 cent bottles of so-called "full strength" extracts.

Four flavors—Lemon, Vanilla, Strawberry and Pineapple.

WILL VIRGINIA SECEDE

A Clash Possible Between Government Troops and Marines and Old Dominion Officers

Washington, June 19.—A clash between the government and the courts of the state of Virginia is threatened. Attorney General Knox has notified Secretary of the Navy Moody that the state courts could not interfere with the state courts taking over the cruiser Galveston, now being built by the W. R. Trigg Shipbuilding Company of Richmond. When this firm failed, Secretary Moody decided to proceed with the launching and to tow the vessel to the government navy yard at Norfolk for completion. Immediately upon this announcement, several sub-contractors, who had not been paid for their work, applied for an injunction. It is expected that this injunction will be granted by the state courts, at Richmond. The Galveston will be launched next Monday and will be towed to Norfolk as quickly as possible by government tugs for completion. If the sub-contractors do not abandon their injunction proceedings, the ship may have to be guarded by troops, marines and probably a warship, to prevent her seizure by the state court officials.

HIS LAST HOPE REALIZED

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

A TRANS ATLANTIC BATTLESHIP RACE

New York, June 19.—To attain proficiency in ocean cruising, the battle-ships Kearsarge, Illinois, Alabama and Massachusetts, accompanied by the colliers Lebanon, Sterling and Caesar, will leave Tompkinsville anchorage within a few days for the Azores.

The islands are not in any sense to be the object of mimic attack, the main purpose being to find out the highest speed at which all the ships, which are of varying speeds, can be kept together, and the colliers kept close enough at hand to provide fresh supplies when needed. It is estimated that enough coal will be carried to enable the ships to make the Azores without having to coal on the way.

They will recede there and the tactical drill will be repeated on the way back. Then the ships will be made ready for the summer maneuvers on the Maine coast.

The trip to the Azores will be made under the command of Rear Admiral Barker, commander-in-chief of the North Atlantic fleet.

A COSTLY MISTAKE

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c. at the Anti-Monopoly Drugstore.

BEAVERS WAS TWINS

At Least, There Were Two of Him When it Became Time for the Ghost to Walk

Washington, June 19.—Another piece of rottenness and double-dealing on the part of a trusted official has been unearthed in the postoffice department. It was discovered that George W. Beavers, while assistant superintendent of the division of salaries and allowances in the department, drew pay as a special examiner of letter carriers, in addition to his regular salary as assistant superintendent of the division. This additional salary was paid to Beavers with the advice and consent of Auditor Castle, of the department. This discovery of the department. This discovery will undoubtedly result in several additional removals from office.

Kimball, chief clerk of the money order division, was today detailed by Postmaster General Payne to take charge of the delivery division, the office vacated by the removal of Metcalf.

WARNING

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Sold by the Postoffice Drugstore.

POSTPONED THE DATE

Owing to a change of plans, Governor Jennings has ordered a postponement of the date upon which the adjutant general shall announce his decision regarding the selection of the state encampment. General Foster, who is in St. Augustine, made this statement to a Record representative yesterday. Naturally he was disposed to be uncommunicative on the subject of any probable selection.
